

# Hounslow

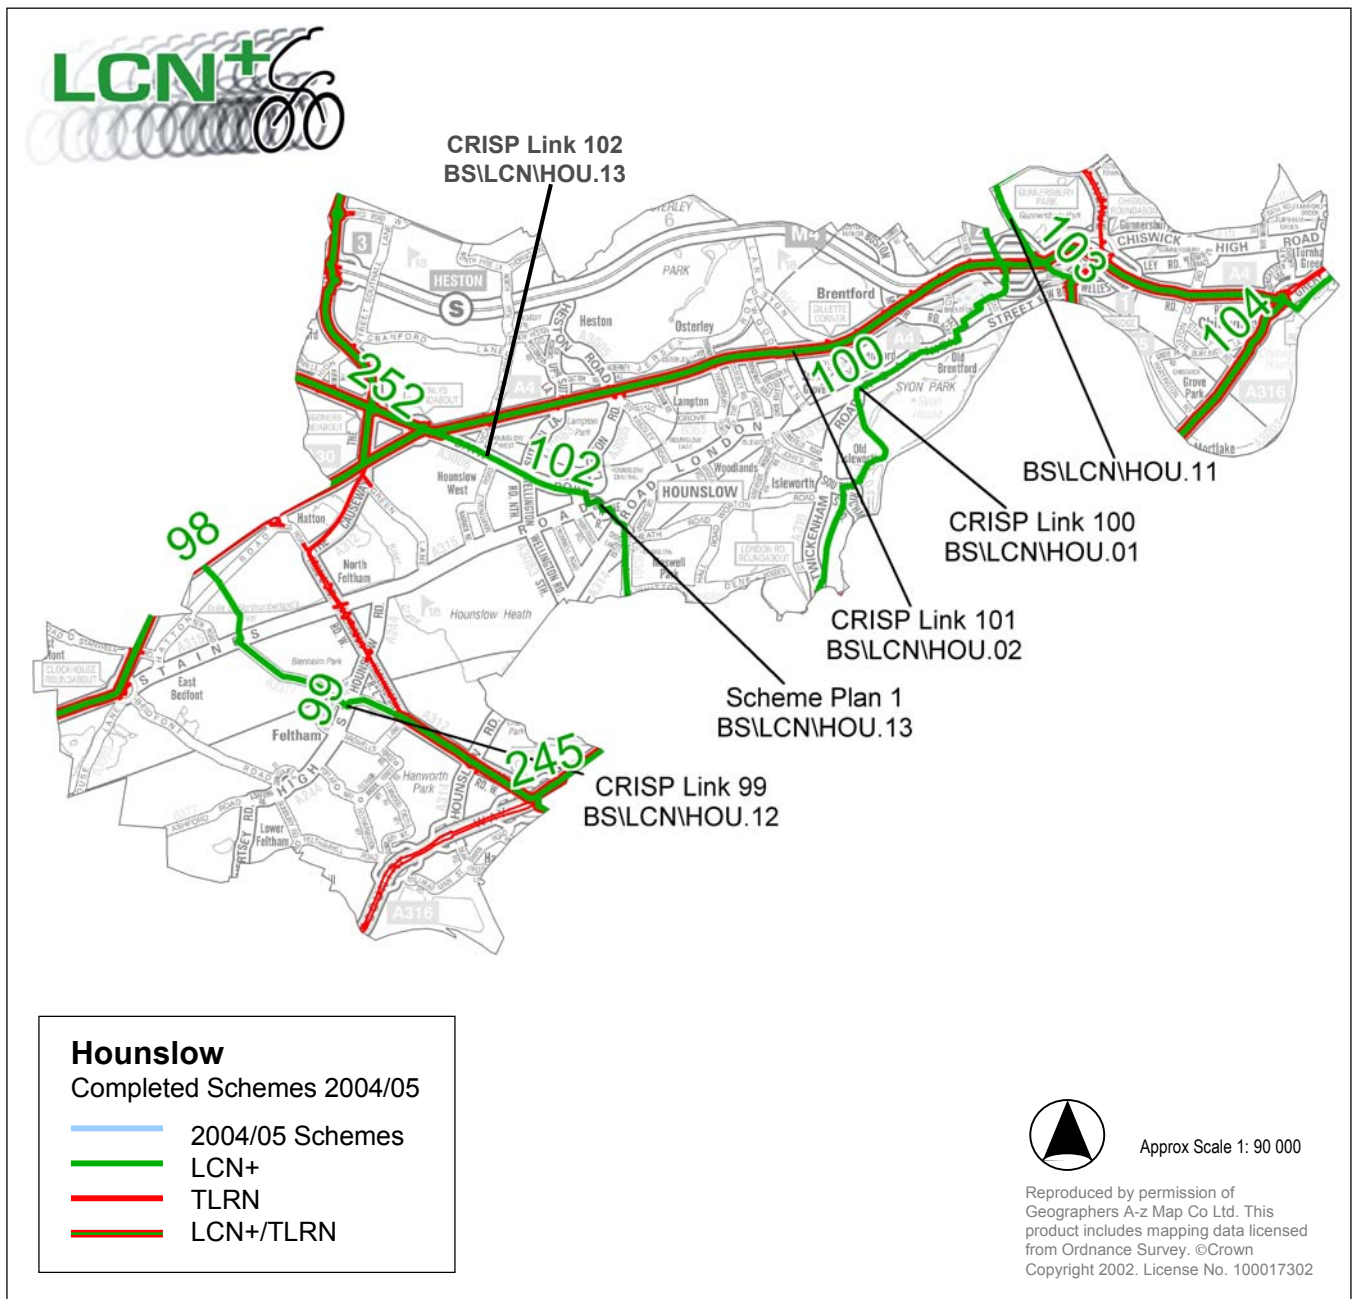

Borough Officer **Chris Calvi-Freeman**

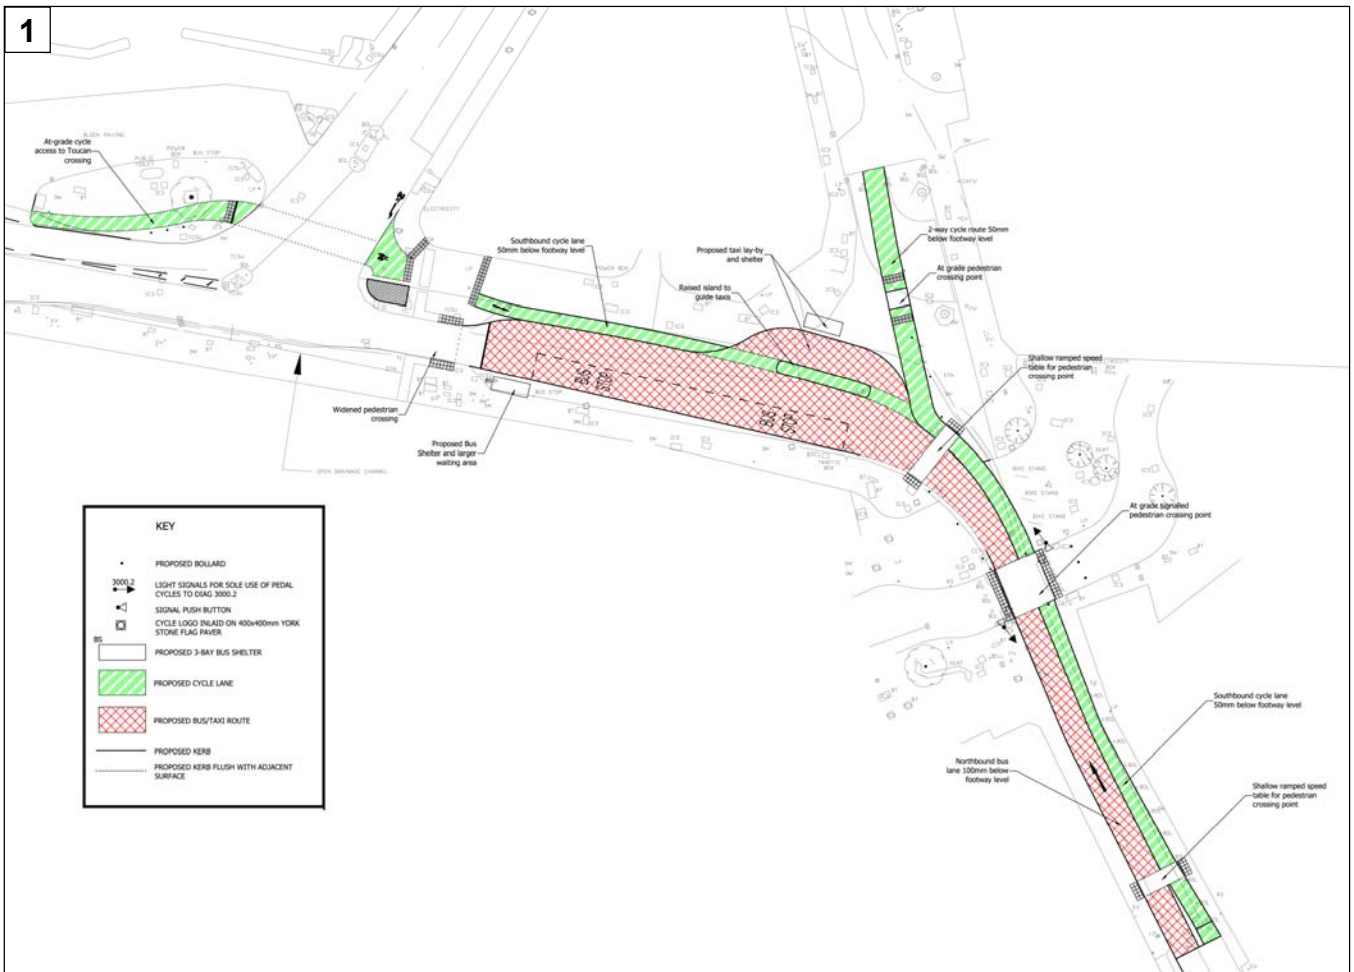

At present, Hounslow has no permanent cycling officer but the cycling programme is being coordinated by David Breen of consultants Mayer Brown Ltd.

Currently 3% of journeys in LB Hounslow are made by bicycle. Recent residents' surveys have shown a high willingness to consider switching to cycling or walking for short journeys. A more extensive cycle network and better facilities at the workplace were identified as the two main requirements.

2004/5 saw completion of CRISP studies on several LCN routes, which have identified projects for implementation in 2005/6 and beyond. Meanwhile, a planned by-product of a major programme of bus priority schemes has been the introduction of improved cycling facilities on several major arterials.

The CRISP studies have addressed the majority of the Borough's LCN routes, setting the scene for major improvements that will be implemented as funds permit and in conjunction with the Council's principal roads resurfacing, bus priority and local safety programmes. Network completion is 30%.

**▲ Scheme Plan 1**

**Scheme Code:** BS/LCN/HOU.13  
**Link Number:** 102  
**Location:** Hounslow town centre  
**Description:** CRISP study and design work of proposed contra flow cycle track and other cycle facilities  
**Cost:** £66 000 **Length:** 7.44km

**Scheme Code:** BS/LCN/HOU.11  
**Link Number:** 103  
**Location:** Detailed design work on link 103  
**Description:** LCN+ Route 85 through Gunnersbury Park - Design of access improvements by the A4 on Lionel Road North approach as identified in original Feasibility study  
**Cost:** £7 700 **Length:** 0.97km

**CRISP BS\LCN\HOU.13**  
**Link Number:** 102  
**CRIM undertaken:** 9.8.04  
**Final CRISP report:** 27.4.05  
**Cost:** £7,000 (included in scheme cost) **Length:** 7.44km

**CRISP BS\LCN\HOU.01**  
**Link Number:** 100  
**CRIM undertaken:** 22.2.05  
**Final CRISP report:** in progress - completion in 2005/06  
**Cost:** £7 700 **Length:** 6km

**CRISP BS\LCN\HOU.12**  
**Link Number:** 99  
**CRIM undertaken:** 15.9.04  
**Final CRISP report:** 28/4/05  
**Cost:** £11 000 **Length:** 5.34km

**INVOLVMENT IN CRISP (TLRN) BS\LCN\HOU.02**  
**Link Number:** 101  
**CRIM undertaken:** 15.12.04  
**Cost:** £3 300 **Length:** 12.67km
